There's a fable that some beats are so contagious that they can transform crowds. "Black magic," some whisper. *Dance magic*. The rumors are true – there are some songs so awesome that they simply can't be stopped. No! As speakers rumble, bodies shake. This is the music of legends, the kind that evokes moods beyond any single person's control. For *Sounding Out!*'s third Blog-O-Versary we present a mix so potent that it won't be stopped. **-AT**
